Tent & Structure Solutions

From Garden Galas to Large-Scale Installations, We Do It All

We design and install tented environments that adapt to any terrain, site, or setting. From first site visit to final build, our process is transparent, seamless, and flexible, allowing plans to evolve without compromising execution. With specialized equipment that protects landscapes and a range of custom upgrade options, we create structures that feel intentional, elevated, and tailored to the event. The result is a tented experience that is thoughtfully planned, expertly installed, and built to perform in the real world. As New England's tenting leader, we offer a wide variety of tent types, flooring, lighting, and accessories; all customized to your event needs:

- Sailcloth, clear-top, frame, structure, and more
- CAD-generated layouts and site planning
- Custom flooring and lighting
- Climate control and power support
- On-demand weather insight
- Experienced with private properties, historic venues, and complex sites
